

PTW-3300 Series Cabinets

FACP Surface-mount Back box Cabinets for PTW-3300

General

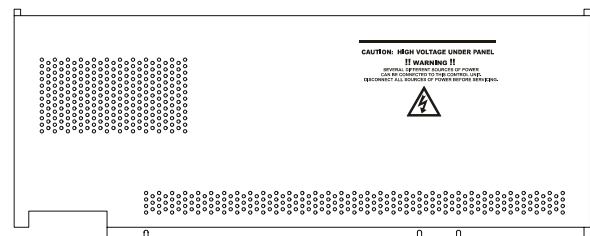

All cabinets for PTW-3300 fire alarm control panels are fabricated from 08Al cold rolled steel. The B/C size cabinet assembly consists of five basic parts: a back box, a locking door, a DP-DISP dress plate, a CHS-M3 bracket, two BMP-1. Cabinets are available in either black or red, with windows.

PTW-3300 FACP

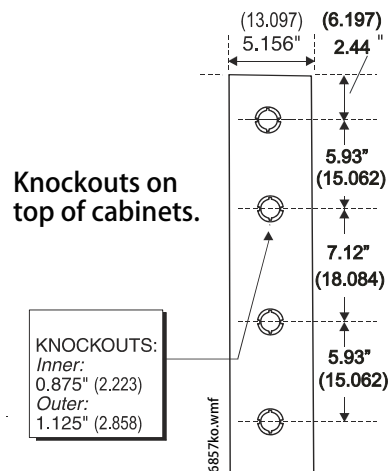

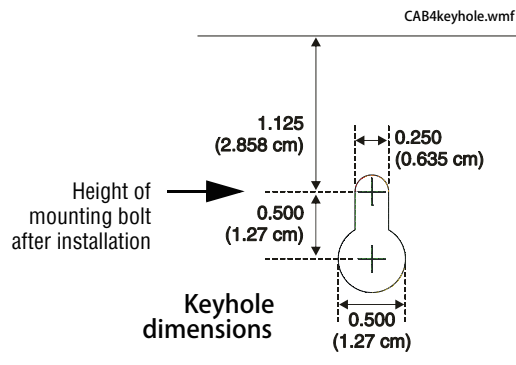

Features

- The back box has been engineered to provide ease-of-entry for the installer. Knockouts are positioned at numerous points to aid the installer in bringing a conduit into the enclosure with a minimum of hardship.
- Right- or left-hand hinges, selectable in the field. Door opens 180°.
- Cabinets are arranged in three standard sizes, A (one tier) through C (three tiers)
- Chassis bridge available for assembling multiple CHS-4 chassis external to the back box

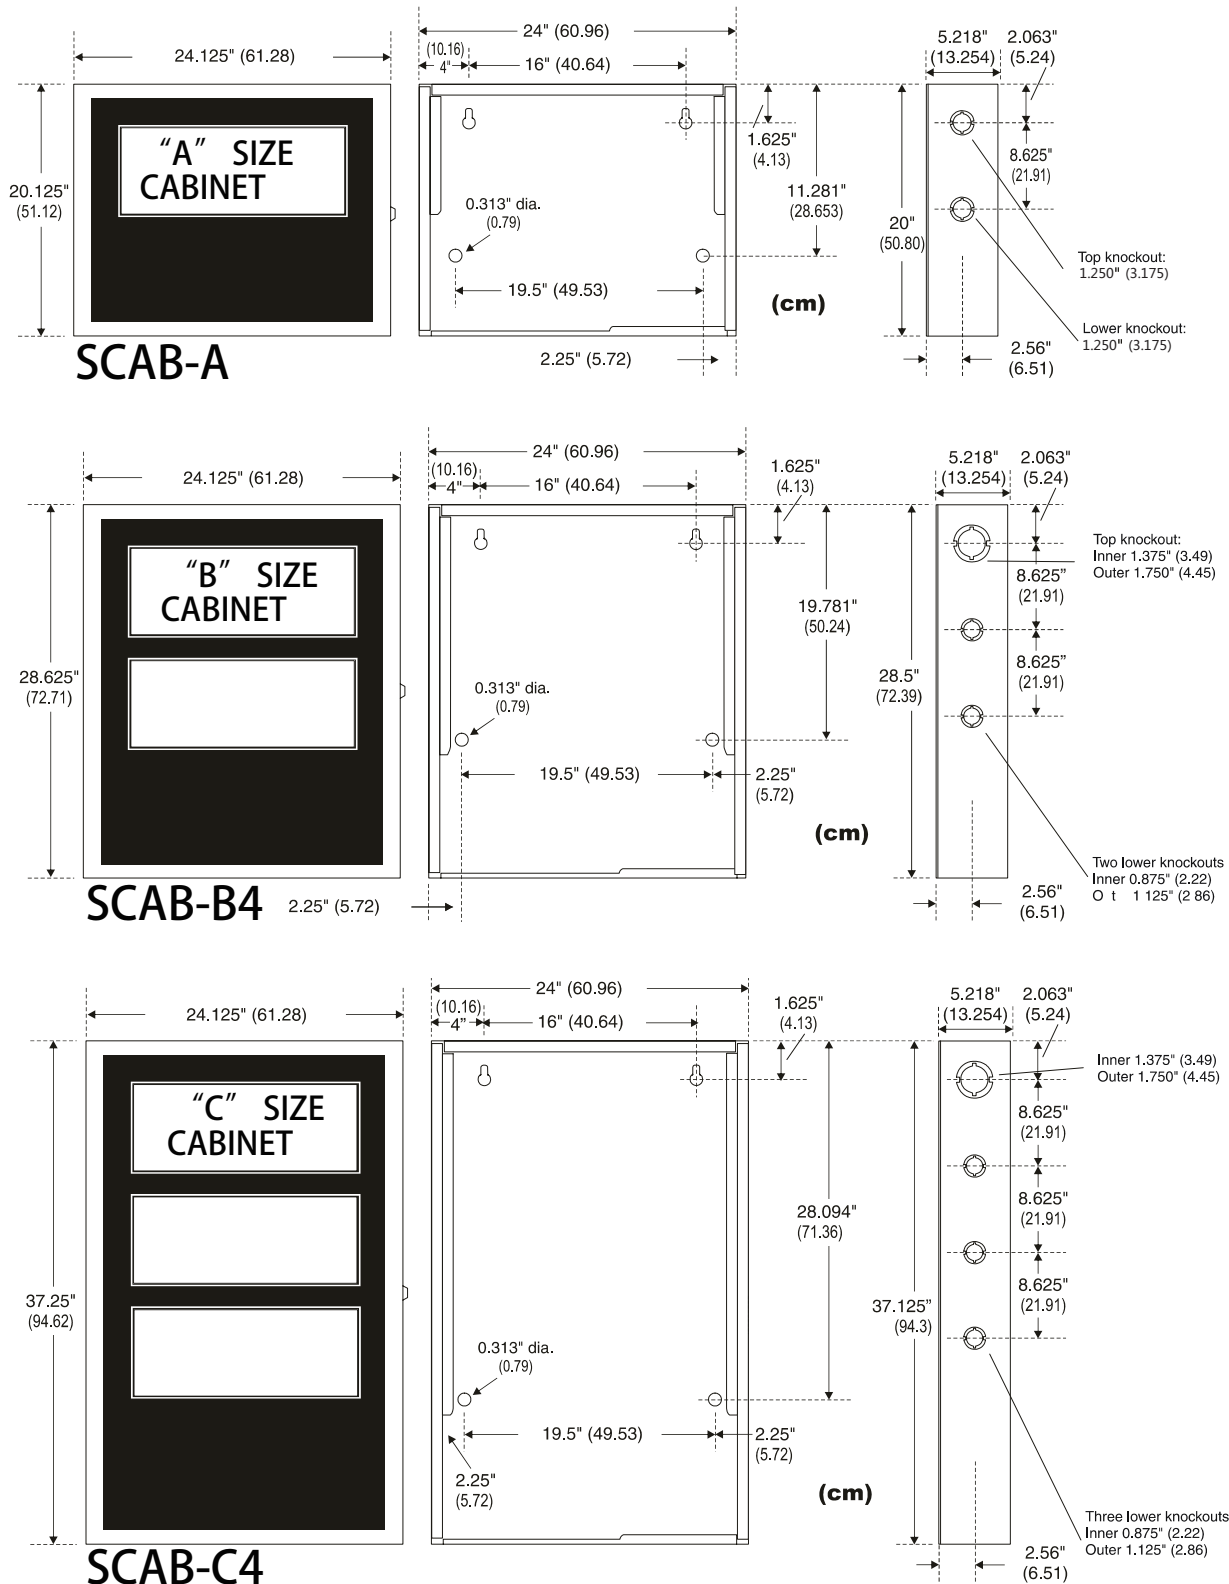

The BP-4 Battery Dress Panel covers the Main Power Supply and the batteries in the cabinet. Only one BP-4 or BP2-4 is required per cabinet unless an AA cabinet is used (no battery compartment).
