

# PTW-100HS-R

LED Horn Strobe

## Description

Red LED light, power supplied by DC24V, sound pressure level can be reached 75dB.

## Feature

- Different terminals can be connected to achieve sound alarm, light alarm, or sound and light alarm.
- The tone of sound and light alarm can be adjusted.
- Light intensity and volume can be adjusted.
- Built-in high, medium and low three grades jumper terminals.

## Specifications

**Dimension:** 143mm×127mm×60mm.

**Spacing between mounting holes:** 60mm.

**Operating current:** 40mA.

**Supply voltage:** DC24V±4V.

**Sound level:** >75dB.

**Luminous intensity:** 75cd.

**Luminescent device:** Bright red luminous diode.

**Environment temperature:** 0~40°C.

**Relative humidity:** ≤90%RH.

**Storage temperature:** -25°C~55°C.
